

801—12.7(82GA,SF2425) Appeals. Applicants that are dissatisfied with the decision of the Iowa department of veterans affairs may file an appeal with the Iowa commission of veterans affairs. The written appeal must be received within 15 working days of the date of the notice of decision; must be based on a contention that the process was conducted outside of statutory authority, violated state or federal law, policy or rules, did not provide adequate public notice, was altered without adequate public notice, or involved conflicts of interest by staff; and must include a request that the commission review the decision and the reasons for the appeal.

The Iowa commission of veterans affairs shall review the appeal at its next regularly scheduled meeting and shall issue a final decision.
